

NEW FAMILY REFERRAL PROGRAM FORM

The Referral Program is designed for current Nativity School of Worcester families to refer new students to the school. Current families should present this referral form to potential families. This form must be presented at the time of their initial visit to Nativity Worcester. A referral form cannot be completed after a potential student has already begun the application process, or if the student is a sibling of a past student/graduate. The new student will need to designate the family that referred them to Nativity Worcester. They may only give credit to one family.

The new applicant must fully complete his application, be accepted, and enroll at Nativity School of Worcester for the current family to receive a \$50 credit to their book and activity fee. Current families can receive only one referral credit to their fee.
